

A diffuser and soft liquid gel was used on this natural curly hair.

A. Loosely gather a section above and behind the ear. Leave some hair around the ear out of the ponytail. Do not use any tools during the styling, only fingers.

B. Do the same for the other side.

C. Now take the rest of the hair around the ear and drag it up and over the first ponytail.

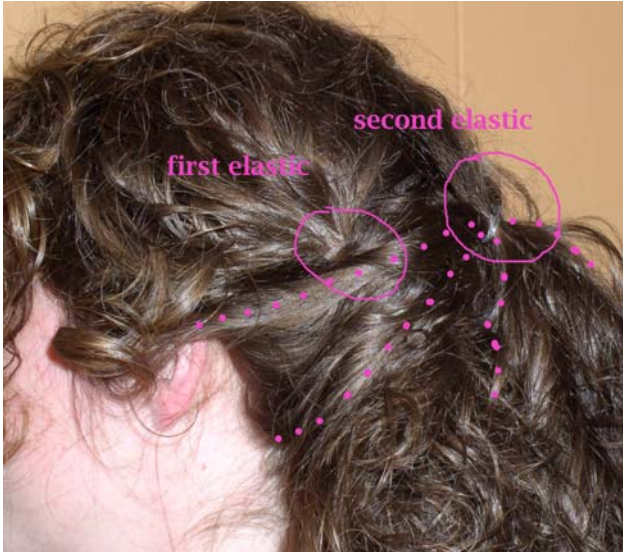

D. Add to this hair, some hair from the middle of the head in the back and make a second ponytail on this left side as shown.

E. Here is a side view and a back view of the last step. Do the same for the right side.

F. Here are both sides done. There are four ponytails in all.

G. Take the ends of the two back ponytails and tie a knot with the hair. Bobby pin the knot in place.

Add some  
flowers or a  
veil to  
complete  
the look!
